

**'STEP LIVELY'
IN A '68 SHELBY
COBRA GT**

On Display Here

You're Invited!

Come see the TWO great new

Shelby COBRA GT cars! A sparkling new convertible joins the Cobra GT lineup for 1968 . . . so now there are twice as many good reasons to see and drive these exciting cars. Try either the convertible or the famous 2 + 2 Cobra GT 350 with new 302 cubic inch V-8 or Cobra GT 500 with 428 cubic inches of pure performance. Every model features Shelby styling, rectangular fog lamps, four-speed transmission*, modified suspension, padded integral overhead safety bar, shoulder harness, center console, improved power assisted front disc brakes and high-ratio power assisted steering as *standard equipment!* A host of options will personalize your Shelby-built Cobra GT even further. So come see us . . . and step lively in '68 with a new Cobra GT 350 or GT 500 2 + 2 or convertible.

*Close-coupled automatic optional.

**NEW GT 500-KR
WITH COBRA JET 428**
