

1984 Mustang—Experience the Open Road!

Exciting performance, precise handling and sporty styling are packaged superbly in free-spirited convertibles and 2- and 3-door Mustang models. Mustang GT, Turbo GT and the high-tech Mustang SVO—No secrets here, just raw power and flat-out high performance.

Mustang SVO—The Machine Speaks For Itself!

Performance is the big news for Mustang in 1984. Competition-developed, powerful new engines include a High Output Electronic Fuel-Injected 5.0 liter... turbocharged EFI 2.3 liter...and intercooled turbocharged EFI 2.3 liter. The 1984 Mustang GT, sophisticated new Turbo GT and high-tech, limited edition SVO now offer a degree of power, precision and sophistication found in only a limited number of today's finest high-performance cars.
